

3 specialist doctors in radiology, Hämeenlinna, Finland

Ready to live in a country with the worlds' best educational system, purest nature and happiest people?

Now is your chance as **Kanta-Häme central hospital** is recruiting **3 consultant radiologists** for the open positions of specialist doctors in the area of Radiology within the Kanta-Häme hospital district.

Kanta-Häme hospital district is part of the public healthcare system of Finland. Our units in Hämeenlinna and Riihimäki provide a pleasant work environment and a multitude of opportunities to continue your development as a professional in the area of Radiology through our training and continuous education plans. The hospital district produces services of specialized care to the 175 000 residents of its' 11 municipalities. We employ around 2000 in staff.

In Hämeenlinna and Riihimäki you live in a safe environment with plenty of nature around you, but still close to the Helsinki metropolitan area and Pirkanmaa. The region also has plenty to offer in terms of culture and sports for those interested in recreational opportunities, and it is a fantastic place for children to grow. In our region, we have excellent schools and plenty of different daycare options. It is also great for singles, as the accommodation is cheaper than in the metropolitan area, but you can easily access Helsinki and Tampere for the feel of and activities offered by these capital cities within an hours' drive.

What we offer:

- A full-time working contract with **38,25 hrs per week** with the **starting basic monthly salary** at 5 800€ / month (approx. **72 500€ / year**)
- The final salary will be according to your experience and level of duties as is defined within the national frame agreement of Doctors and the hospital districts' internal guideline
- On-call duties regularly in accordance to your rota, but all **inconvenient hours and on-call duties will be compensated as additional to your basic salary** (negotiated with selected specialists)
- **A bonus rewards scheme** for the area of Radiology, which will increase the salary with approximately **800€ to 2500€ monthly**. The bonus depends on the amount of the medical reports written.
- Free of charge language and cultural training in the country of origin / home country before relocating to Finland
- Help in your and your familys' relocation, including home search, school and primary care finding, and local registrations
- Dedicated staff member to support your transition period from homeland until you have settled in into Hämeenlinna.
- Possibility to meet colleagues who work at the hospital and who will share their experience
- Continuing possibilities for professional growth and development through training

Additional benefits when working with Kanta-Häme hospital district, include also:

- Housing options from the close vicinity of our hospitals
- Opportunity to rent our holiday cottages for your picture-perfect winter and summer vacations with a nominal cost in Vuokatti, Saariselkä and Hämeenlinna region.
- Access to a large variety of sport, culture and recreational activities with very low cost through becoming a member in one or more of our staffs' recreational associations.

What we are looking for?

We expect you to have:

- A license to practice your profession within the field of Radiology as a specialized doctor, and this license to be granted to you by European Union country officials.
- A minimum of three (3) years of experience practising your profession after finalizing your specialization.
- You to have expertise in one of the following combinations:
Mammography + US+ Native + CT **or** MRI + CT **or** Mammography + US
- You to commit to the language training provided in your home country and reach a minimum of B1-B2 level of the Finnish language at the end of the training.
